## National Level Science Exhibition conducted by INSPIRE MANAK SANSTHA in New Delhi

**Correspondent: -AADHIL RAMESH, IXA:** Khushi, a class IX student of our school attended the National Level Science Exhibition conducted by INSPIRE MANAK SANSTHA in New Delhi. The venue for the competition was Indra Gandhi gymnastics stadium, New Delhi. The exhibition went on for 2-3 days and remained opened for the public and in between the judgment was carried out. On the last day of the exhibition prize distribution ceremony was conducted at the Vigyan Bhavan, New Delhi. A total number of six hundred students participated in the exhibition from all over the country and out of these sixty exhibits got selected. The winners were honoured with the trophies and certificates. From Rajasthan thirty students attended the exhibition and two of them got selected. Unfortunately, Khushi couldn't get selected still it remained a great learning experience for her and a matter of great pride for the school. Principal Shri Lokesh Joshi and the entire school family congratulated her for representing the school at such a high level.

## ZONAL LEVEL HINDI DEBATE & GK QUIZ

**Correspondent: Tejas Chaudhary, X:** In the month of August, Atomic Energy Central School No. 2, Rawatbhata organized a selection process for zonal-level debate competition & GK Quiz. Tejas Chaudhary and Gargi Malik of class X were selected for the Hindi Debate Competition and K.Akshya and Chetan Lonare of Class VIII were selected for the GK Quiz. The Zonal level competition was organized at Atomic Energy Central School, Kakrapar. On 26<sup>TH</sup> August 2023, the competition was conducted for Hindi Debate and on 27<sup>th</sup> August 2023 for GK quiz. There were 6 teams, named AECS NORORA, AECS INDORE, AECS KAKRAPAR, AECS NO 2 RAWATBHATA, AECS 3 RAWATBHATA and AECS 4 RAWATBHATA. All the teams performed graciously. In both the competitions AECS No.2, Rawatbhata stood at 3<sup>rd</sup> position. It was a proud moment for the school and the students who represented it.

## World Wild Wisdom Global Challenge '2023'

**Correspondent– Prajwal Sharma, VII B:** Wild wisdom global challenge was conducted in our school on 21st August 2023. The Theme of the challenge for '2023' was 'BIRDS OF THE WORLD'. On the basis of the first level, 30 students were selected and got chance to participate in the second level which was conducted online from 7th to 13th October 2023. It gives an exceptional peek in biodiversity and richness of India and it is also good way to introduce children to many fascinating nature related trivia of our country. WWW Global challenge is an attempt to provide a unique opportunity for students to delve deeper into amazing wildlife, gain knowledge and take pride in its natural diversity. This initiative aims to instill a sense of concern for natural world and inspire students to demonstrate their concern for wildlife conservation.

## SPACE WEEK

**Correspondent: Anshika Vashishtha, VII B:** Our School celebrated "SPACE WEEK" from 12 August to 18 August 2023. As there were holidays on 12 and 13 August; activities started from 14 August to 18 August. On this occasion our respected Principal sir addressed the students in the morning assembly and inspired them to inculcate scientific temperament in themselves and contribute in the field of science and technology. This week was celebrated to commemorate the birth anniversary of DR. VIKRAM SARABHAI.

In the continuation of space week many activities were conducted. On 14 August 2023 Drawing and Poster Competition was organised. On 16 August 2023 a speech and essay competition was conducted. On 17 August 2023, a documentary was shown followed by a quiz session. Closing ceremony was conducted on 18 August 2023, in which prizes were distributed to the students who won the prizes.

## **Green Olympiad-2023**

**Correspondent–** Stavya Pandey, VII B, The Green Olympiad is an environmental examination that is conducted by The Energy and Resources Institute (TERI). Green Olympiad exam was conducted on 12th October 2023. Nineteen students participated in level-2 and ten students participated in level -1.

The exam was conducted for classes IV to X. The classes were grouped in three categories. Group-1 consisted of classes 4 and 5, Group-2 consisted of classes 6 to 8 and Group-3 consisted of classes 9 and 10.

Questions in the exam were based on topics related to water, air, health and agriculture. TERI Green Olympiad syllabus is the same for all the levels but the exams difficulty level different for each level. The exam is conducted with the objective to instill a sense of environmental responsibility and encourage students to adopt sustainable measures to protect and conserve the environment.

## **GYAN SAMVARDHAN PROGRAM**

**Correspondent::** Subham,X: In today's fast-paced world, education plays a pivotal role in shaping the future of our youth. It is not merely about imparting knowledge but also about instilling values and fostering all-around development. AEC Schools, with their visionary approach, have been at the forefront of this educational transformation, and the "Gyan Samvardhan Programme" is a testament to their commitment.

The Gyan Samvardhan Programme, a unique initiative by AEC Schools, is designed to empower students with knowledge, critical thinking skills, and a global perspective. It goes beyond traditional classroom learning, aiming to create well-rounded individuals who are not just academically proficient but also socially conscious and culturally aware. One of the key features of this program is its emphasis on holistic education. Students are encouraged to explore their interests and talents in a wide range of subjects, from science and mathematics to the arts and sports. This approach helps in nurturing their individual potential, enabling them to pursue their passions and excel in their chosen fields.

The program also focuses on character development. AEC Schools believe that education is not just about what students know but also about the kind of people they become. Through character-building workshops and activities, students are taught values such as empathy, integrity, and leadership, which are essential in today's complex world. Furthermore, the Gyan Samvardhan Programme places a strong emphasis on preparing students for the global stage. In an interconnected world, cultural awareness and communication skills are vital. Students are exposed to diverse cultures, languages, and worldviews, helping them become global citizens who can thrive in a multicultural environment. AEC Schools commitment to innovation and technology is also reflected in this program.

Students are introduced to cutting-edge technologies and digital learning platforms to stay ahead in a rapidly evolving world. This ensures that they are not only knowledgeable but also tech-savvy. In conclusion, the Gyan Samvardhan Programme at AEC Schools is a transformative initiative that prepares students not just for examinations but for life. By providing a well-rounded education that nurtures their intellect, character, and global perspective, our Schools are equipping the leaders of tomorrow with the tools they need to succeed and make a positive impact on the world.

The Gyan Samvardhan Programme is a shining example of how education can empower young minds to excel academically, grow as responsible citizens, and contribute to the betterment of society. It's not just a program; it's a journey of enlightenment and self-discovery for students who pass through its doors.

The first session under this program was held online in which the students of classes IXth and Xth attended an online webinar in the SIT room.

The second session under the programme was held on 30<sup>th</sup> August 2023 in AECS-4. Students of classes 9<sup>th</sup> and 10<sup>th</sup> of AECS-2 & 4 attended this programme. Shri S.K. Gupta AD (& US) RR Site NPCIL was the key speaker in this programme and enriched students' knowledge about Archimedes' Principle and surface tension. The programme was very informative and interactive and students were highly benefited from it.

The third session was held in the multipurpose hall of our school and was broadcasted live on Google meet for the students of other AECS schools. The key speakers of this session were Shree Narendra Khandanwal and Shree Anand Pinjarkar (AERB Mumbai). In this session we learned about AERB and nuclear power. We came to know that there are some heroes who live among us and protect us from the unknown danger of nuclear radiation. We also learned about the different forms of energy and how they are manufactured. We even learned about the different sources of radiations and found out that nature also : possess an amount of radiation and that the AERB has set a limit for the release of Nuclear Radiation from different nuclear power plants which is lower than the radiation released by Nature. Many students also asked many interesting questions which made it more interesting even our Principal sir cleared his doubts and at the very end of the session all the students who had participated were given a complimentary gift by the AERB department.

## HINDI PAKHWADA

**Correspondent:** Shashwat Pandey, VII B: Our mother tongue is Hindi and it has been chosen as our mother tongue from many different languages being spoken in our country. To make Hindi more involving among our upcoming generations and show its importance, on 14th September every year 'Hindi Diwas', is celebrated. To increase the use of Hindi, we also celebrate this occasion for 15 days as 'Hindi Pakhwada' with lots of excitement.

A.E.C.S. No. 2, Rawatbhata, celebrated Hindi Pakhwada from 14-9-2023 to 28-9-2023. Different programs such as 'Hindi calligraphy competition, Hindi slogan writing, Hindi Essay writing, Self-composed poetry recitation were conducted for students. Competitions were also conducted for teachers and they also participated with a lot of enthusiasm and zeal.

The organization of Hindi Pakhwada motivated the students a lot and made them curious to know more about our mother tongue and learn more and more about it. By this the bond between us and our mother tongue will be better and lead to development of our nation.

## RAKHI MAKING WORKSHOP

**Correspondent:** Ananya Singh, VII B: Rakhi making workshop was organized in our school from 22<sup>nd</sup> August 2023 to 28<sup>th</sup> August 2023. Miss Sangeeta Prakash, TGT, (Art) guided students in making eco-friendly Rakhis. Students from classes 3<sup>rd</sup> to 8<sup>th</sup> participated in it. Students made very attractive and lovely rakhis under her guidance. This workshop was conducted in the school's multipurpose hall. Students wholeheartedly participated in it. The purpose of this workshop was to provide students a better understanding of the Indian culture, small scale handicrafts and use of sustainable practices in their day-to-day lives.

## CO-CURRICULAR ACTIVITIES

**Correspondent: AARAV GODARA:** The Co-Curricular activities conducted for primary classes from August to October were Rakhi Making, Clay Modelling, Wall Magazine, Solo Dance and Group Song. In Secondary section the activities conducted in these months were Hindi Debate, English Elocution, Group Song, Rangoli Making, Hindi Skit and Group Dance. In the primary section these activities had separate groups for the foundational stage and the preparatory stage and in the secondary section the activities had separate groups for the middle and the secondary classes.

Students participated enthusiastically in these activities and won many prizes. CCA provides a platform for students to develop essential skills such as leadership, teamwork, communication, problem-solving and collaborative skills. These activities also enhance students' self-confidence, self-esteem, and resilience as they face challenges and overcome obstacles.

## ARYABHATA GANIT CHALLENGE

**Correspondent: Gargi Malik-X:** The Aryabhata Ganit challenge was organized in our school. It is conducted every year by CBSE. The first level exam was conducted on 29 August 2023.
