Q1. Read the passage carefully and answer the following questions:-

Dana loves flowers. Her favourites are daisies, tulips, and daffodils. Tulips and daffodils come up every spring, and daisies come up later in the summer. These plants are perennials; they last for a long time.

Dana loves the spring because she can go to the flower market to buy her annuals. The annuals only last one season, but they add a lot of colour to the garden. Dana got up Saturday morning very early. She wanted to get to the market early. Off she went to Barton's Flower Market. She met her friends.

Dana and her friends saw pansies, geraniums, periwinkles, and petunias.

Dana decided to buy red and yellow pansies, blue periwinkles, and purple petunias. That will add a lot of colour to my garden, thought Dana. She said goodbye to her friends and went home.
