Half yearly / Term-1 examination - 2021-2022
 For Offline purpose

CLASS: IX**SUBJECT: MATHEMATICS****TIME: 90 MINUTES**

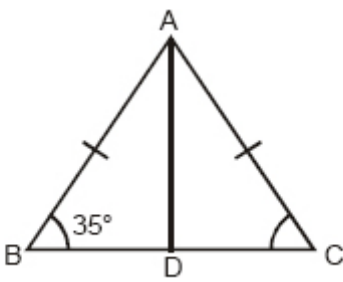

General Instructions:

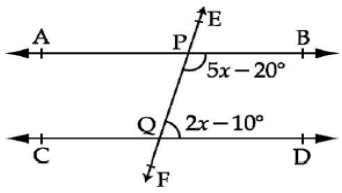

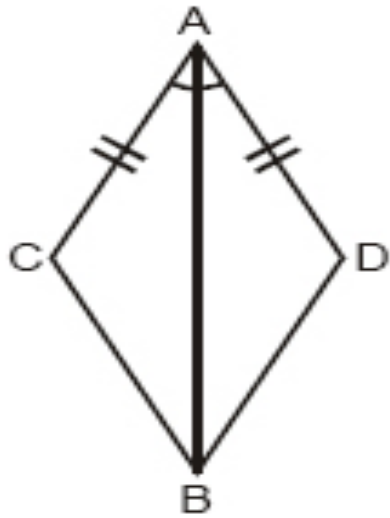

MAX. MARKS : 40

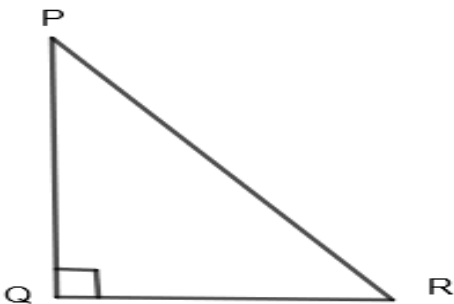

1. The question paper contains three parts A, B and C.
2. Section A consists of 20 questions of 1 mark each. Any 16 questions are to be attempted.
3. Section B consists of 20 questions of 1 mark each. Any 16 questions are to be attempted.
4. Section C consists of 10 questions based on two case studies. Attempt any 8 questions.
5. There is no negative marking.
6. The marks obtained by students will be computed / appropriated keeping 40 marks as maximum.

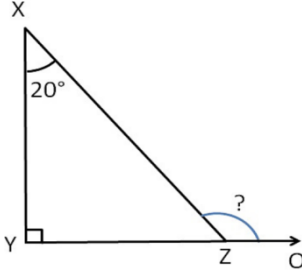

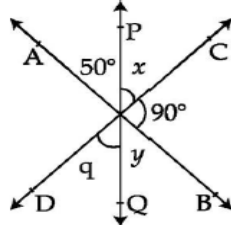

SECTION A

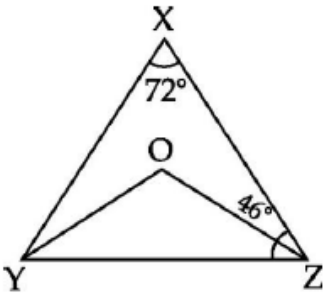

Section A consists of 20 questions of 1 mark each. Any 16 questions are to be attempted

| | Choose the Correct Option. | Marks |
|---|---|-------|
| 1 | The irrational number between 2 and 3 is (a) $\sqrt{2}$ (b) $\sqrt{3}$ (c) $\sqrt{4}$ (d) $\sqrt{5}$ | 1 |
| 2 | The value of $0.\overline{32}$ in the form of $\frac{p}{q}$ (a) $\frac{32}{100}$ (b) $\frac{32}{99}$ (c) $\frac{8}{25}$ (d) $\frac{3}{2}$ | 1 |
| 3 | In the given figure, AD is the median ,then $\angle BAD$ is <div style="text-align: center;">  </div> (a) 35° (b) 70° (c) 110° (d) 55° | 1 |

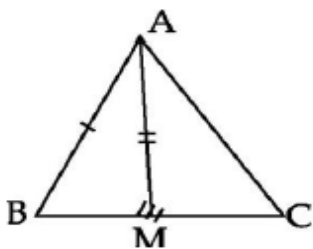

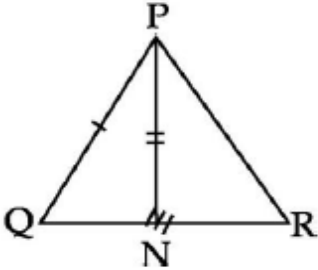

| | | |
|---|---|---|
| 4 | <p>In the given figure , AB is parallel to CD, then the value of x is</p>  <p>(a) 30^0 (b) 10^0 (c) 20^0 (d) 15^0</p> | 1 |
| 5 | <p>If $\frac{5+3\sqrt{3}}{7+4\sqrt{3}} = a + b\sqrt{3}$, then $a - b =$</p> <p>(a) 5 (b) 6 (c) -2 (d) 11</p> | 1 |
| 6 | <p>The value of $\sqrt[3]{225} \times 15^{\frac{4}{3}} =$</p> <p>(a) 225 (b) 15 (c) 15^{-2} (d) 15^{-1}</p> | 1 |
| 7 | <p>If $(3p - 2, 2p)$ is the solution of the linear equation $3x - 2y = 4$, then the value of p is</p> <p>(a) 2 (b) 1 (c) 3 (d) 5</p> | 1 |
| 8 | <p>In the given figure, AB bisects $\angle CAD$. the congruence rule used in proving $\Delta ACB \cong \Delta ADB$ is</p>  <p>(a) ASA (b) SAS (c) AAS (d) RHS</p> | 1 |

| | | |
|----|--|---|
| 9 | If 'a' is less than zero and b is also less than zero, then the point P(–a, b) lies in (a) IV quadrant (b) I quadrant (c) II quadrant (d) III quadrant | 1 |
| 10 | The value of k for which $x = 1, y = -1$ is a solution of $kx - 2y = 0$ is (a) 12 (b) – 2 (c) 5 (d) – 8 | 1 |
| 11 | <p>In Fig., $PQ \perp QR$, $PQ = 5$ cm and $PR = 5\sqrt{2}$ cm.</p>  <p>Then ΔPQR is (a) a right triangle but not isosceles (b) an isosceles right triangle (c) isosceles but not a right triangle (d) neither isosceles nor right triangle</p> | 1 |
| 12 | The distance between the points $(-7, 1)$ and $(-7, -1)$ is (a) 14 units (b) 2 units (c) 16 units (d) 6 units | 1 |
| 13 | <p>If $\Delta ABC \cong \Delta DEF$ by SSS congruence rule, if</p> <p>(a) $AB = EF, BC = FD, CA = DE$ (b) $AB = FD, BC = DE, CA = EF$ (c) $AB = DE, BC = EF, CA = FD$ (d) $AB = DE, BC = EF, \angle A = \angle F$</p> | 1 |
| 14 | <p>The perimeter of an equilateral triangle is 60 m. Its area is</p> <p>(a) $10\sqrt{3}\text{m}^2$ (b) $100\sqrt{3}\text{m}^2$ (c) $15\sqrt{3}\text{m}^2$ (d) $20\sqrt{3}\text{m}^2$</p> | 1 |
| 15 | <p>If m be the mid-point and l be the upper class limit of a class in a continuous frequency distribution, then the lower class limit of the class is :</p> <p>(a) $2m + l$ (b) $2m - l$ (c) $m - l$ (d) $m - 2l$</p> | 1 |

| | | |
|--|---|---|
| 16 | <p>If two sides of a triangle are 13 cm and 14 cm and its semi perimeter is 18 cm ,then the third sideof the triangle is</p> <p>(a) 12 cm (b) 11 cm (c) 10 cm (d) 9 cm</p> | 1 |
| 17 | <p>The sides of a triangle are 7 cm, 24 cm and 25 cm. its area is</p> <p>(a) 168 cm^2(b) 84 cm^2(c) 87.5 cm^2(d) 300 cm^2</p> | 1 |
| 18 | <p>The coordinates of a point whose ordinate is 6 and lies on y axis are ____</p> <p>(a) (0,6)(b) (6,0) (c) (0,0) (d) (-6,0)</p> | 1 |
| 19 | <p>From the given figure the measure of $\angle XZO$ is</p>  <p>(a) 30° (b) 110° (c) 90° (d) 60°</p> | 1 |
| 20 | <p>In a frequency distribution, the mid value of a class is 10 and the width of the class is 6. The lower limit of the class is</p> <p>(a) 6 (b) 7 (c) 8 (d) 12</p> | 1 |
| <p>Section B Section B consists of 20 questions of 1 mark each. Any 16 questions are to be attempted.</p> | | |
| 21 | <p>The value of q in the given fig is</p>  <p>(a) 30° (b) 50° (c) 90° (d) 40°</p> | 1 |

| | | |
|----|---|---|
| 22 | The sides of ΔABC are $AB = BC = 17$ cm and $AC = 16$ cm. Area of ΔABC is (a) 160 cm^2 (b) 180 cm^2 (c) 240 cm^2 (d) 120 cm^2 | 1 |
| 23 | What is the measure of an acute angle which equals to one fifth of its supplement? (a) 30° (b) 150° (c) 90° (d) 60° | 1 |
| 24 | In the given figure $\angle X = 72^\circ$, $\angle XZY = 46^\circ$. If YO and ZO are bisectors of $\angle XYZ$ and $\angle XZY$ respectively, then $\angle YOZ =$  | 1 |
| 25 | Which of the following is not a criterion for congruence of triangles. (a) SAS (b) SSA (c) SSS (d) ASA | 1 |
| 26 | If $\sqrt{x} = \sqrt{98} + \sqrt{128} - \sqrt{242}$, then $x =$ (a) 1 (b) 4 (c) 32 (d) 8 | 1 |
| 27 | Find the value of 'k' if $x = 2$ and $y = 1$ is a solution of the equation $2x + 3y = k$. (a) 0 (b) 7 (c) -7 (d) 8 | 1 |
| 28 | A point P lies on the negative direction of y- axis at a distance of 5 units, then the coordinates of point P are (a) (5, 0) (b) (0, 5) (c) (0, - 5) (d) (-5,0) | 1 |
| 29 | The cost of a notebook is twice the cost of a pen. A linear equation in two variables to represent the statement is _____ (Take cost of a notebook is Rs y and the cost of a pen Rs x). (a) $y = 2x$ (b) $x = 2y$ (c) $x + 2y = 0$ (d) $y + 2x = 0$ | 1 |

| | | |
|----|---|---|
| 30 | If the decimal representation of a number is non-terminating, non-repeating , then the number is (a) a natural number (b) a rational number (c) a whole number (d) an irrational number | 1 |
| 31 | A rational number between $\frac{1}{7}$ and $\frac{2}{7}$ is (a) $\frac{1}{14}$ (b) $\frac{2}{17}$ (c) $\frac{5}{14}$ (d) $\frac{5}{21}$ | 1 |
| 32 | The linear equation $2y - 3 = x - 4$ has (a) a unique solution (b) infinitely many solutions (c) two solutions (d) no solution | 1 |
| 33 | Any point on the line $x + y = 0$ is of the form (a) $(-a, a)$ (b) (a, a) (c) $(0, a)$ (d) $(a, 0)$ | 1 |
| 34 | The class - mark of the class 130-150 is: (a) 130 (b) 135 (c) 140 (d) 145 | 1 |
| 35 | The range of the data: 25,18,20,22,16, 6, 17, 15, 12, 30, 32, 10, 19, 8, 11 and 20 is (a) 10 (b) 15 (c) 18 (d) 26 | 1 |
| 36 | Points $(1, -1)$, $(2, -2)$, $(4, -5)$ and $(-3, -4)$ (a) lie in II quadrant (b) lie in III quadrant (c) lie in IV quadrant (d) do not lie in the same quadrant | 1 |
| 37 | Class mark of a class is 10.5 and class size is 7 then class interval is (a) $10.5 - 17.5$ (b) $3.5 - 10.5$ (c) $7 - 17.5$ (d) $7 - 14$ | 1 |
| 38 | An isosceles right triangle has area 8 cm^2 . The length of its hypotenuse is (a) $\sqrt{32} \text{ cm}$ (b) $\sqrt{16} \text{ cm}$ (c) $\sqrt{48} \text{ cm}$ (d) $\sqrt{24}$ | 1 |

| | | |
|----|---|---|
| 39 | <p>Graph of linear equation $4x = 5$ in a plane is</p> <p>(a) parallel to x axis (b) parallel to y axis</p> <p>(c) lies along x axis (d) passes through origin</p> | 1 |
| 40 | <p>. In the given fig two sides AB and BC and the median AM of $\triangle ABC$ are respectively equal to the sides PQ, QR and the median PN of $\triangle PQR$. Then,</p> <div style="display: flex; justify-content: space-around; align-items: center;">   </div> <p>(a) $\triangle ABM \cong \triangle PQN$ by SSS congruence rule</p> <p>(b) $\triangle ABM \cong \triangle PQN$ by SAS congruence rule</p> <p>(c) $\triangle ABM \cong \triangle PQN$ by ASA congruence rule</p> <p>(d) $\triangle ABM \cong \triangle PQN$ by RHS congruence rule</p> | 1 |
| | | |

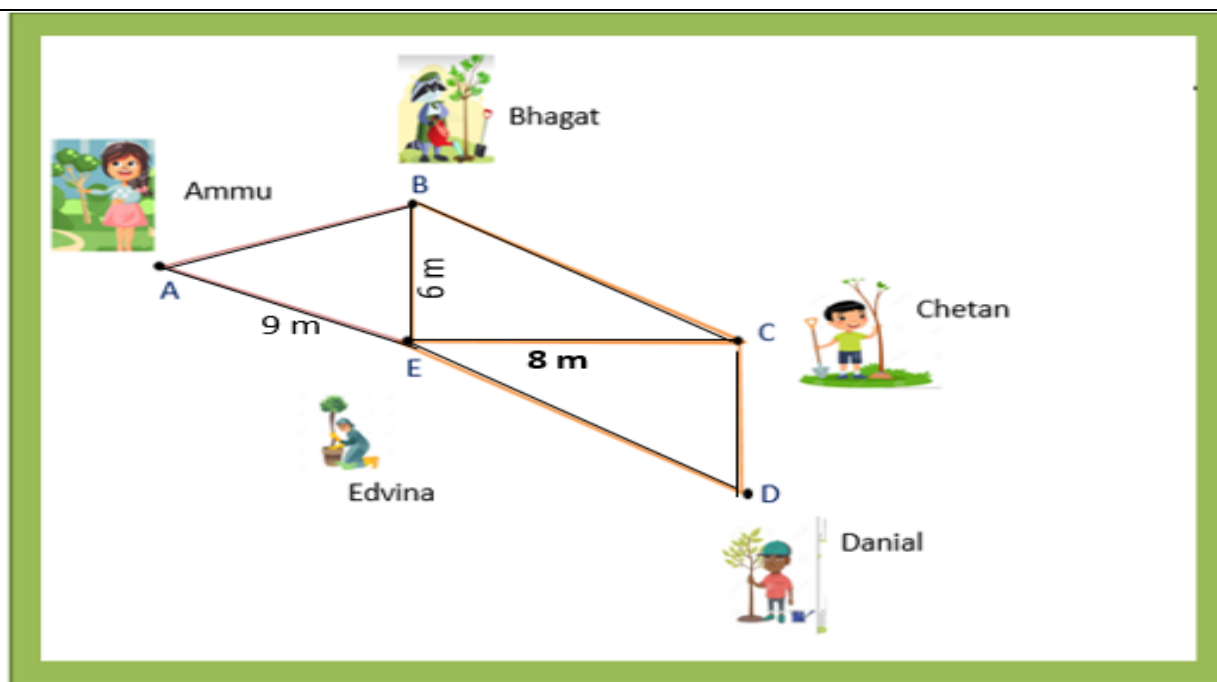

SECTION - C

Case study based questions

Section C consists of 10 questions based on two case studies. Attempt any 4 questions from each .

Q 41 – Q 45 are based on case study -1

Five school students Ammu, Bhagat, Chetan, Danial and Edvina (were planting trees at the points A,B,C,D and E respectively. Ammu planted her plant equidistant from the plants of Bhagat and Edvina. If the points are joined as shown in the figure ,the Line segments BE and EC are perpendicular to each other. Also, $BC = ED$ and $BC \parallel ED$. Study the given picture and Answer the following by choosing the correct option

41 If $\angle BAE = 40^\circ$, what is the measure of $\angle AEB$.

- (a) 70° (b) 40° (c) 110° (d) 90°

1

42 The perimeter of $\triangle DEC$ is

- (a) 22 m (b) 20 m (c) 16 m (d) 24 m

1

1

| | | |
|---|---|---|
| 43 | Which of the following is correct (a) $\triangle BEC \cong \triangle DCE$ by SAS congruence rule (b) $\triangle BEC \cong \triangle DCE$ by RHS congruence rule (c) $\triangle BEC \cong \triangle DCE$ by ASA congruence rule (d) $\triangle BEC \cong \triangle CDE$ by SSS congruence rule | |
| 44 | The area of the triangle BCE is (a) 12 m^2 (b) 14 m^2 (c) 24 m^2 (d) 48 m^2 | 1 |
| 45 | The perimeter of the polygon ABCDE is (a) 22 m (b) 20 m (c) 44 m (d) 52 m | 1 |
| <p>Q 46- Q 50 are based on case study -2.</p> <p>A Mathematics teacher Ramanujof secondary school asked three children Arya, Bhaskara and Chandra to pick up number cards at random on which numbers are written. On the Card of Arya $2 + \sqrt{3}$ and on card of Bhaskara $\frac{2\sqrt{5}}{\sqrt{2}}$ and another irrational number on Chandra 's Card are written.</p>  | | |

| | | |
|----|---|---|
| | Study the given picture and Answer the following by choosing the correct option | |
| 46 | <p>Maths Teacher told Arya to add a smallest irrational number so that the number on his card becomes rational. What is that Number Arya chosen?</p> <p>(a) $\sqrt{3}$ (b) -2 (c) $-\sqrt{3}$ (d) $2 - \sqrt{3}$</p> | 1 |
| 47 | <p>Bhaskara asked Chandra to show his number. As Chandra knows Bhaskara 's number, Chandra told him ' Rationalize the denominator of your number and double it . The number you get is on my card'.</p> <p>What is the number on the card of Chandra</p> <p>(a) $\sqrt{5}$ (b) $2\sqrt{10}$ (c) $\sqrt{10}$ (d) $2 - \sqrt{3}$</p> | 1 |
| 48 | <p>What is the rationalizing factor of $2 + \sqrt{3}$</p> <p>(a) $2 + \sqrt{3}$ (b) $-(2 + \sqrt{3})$ (c) $-\sqrt{3}$ (d) $2 - \sqrt{3}$</p> | 1 |
| 49 | <p>. The natural number 3 lies between</p> <p>(a) $\sqrt{3}$ and $\sqrt{5}$ (b) $\sqrt{5}$ and $\sqrt{6}$ (c) $\sqrt{6}$ and $\sqrt{8}$ (d) $\sqrt{8}$ and $\sqrt{10}$</p> | 1 |
| 50 | <p>50. which of the following statement is correct</p> <p>(a) Sum of two irrational numbers is always irrational.</p> <p>(b) Sum of two irrational numbers always is rational.</p> <p>(c) Sum of a rational number and an irrational number is always irrational</p> <p>(d) Sum of a rational number and an irrational number can be a rational or irrational.</p> | 1 |

Atomic Energy Education Society
Half Yearly/Term-1 Examination 2021-22
 For Offline purpose

Class: IX
Subject: Science

Time: 90 Minutes
Marks: 40

General Instructions:

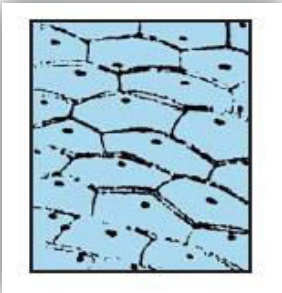

1. The Question paper contains three sections.
2. Section A has 24 questions. Attempt any 20 questions.
3. Section B has 24 questions. Attempt any 20 questions.
4. Section C has 12 questions. Attempt any 10 questions.
5. All questions carry equal marks.
6. There is no negative marking.
7. The marks obtained by students will be computed / appropriated keeping 40 marks as maximum.

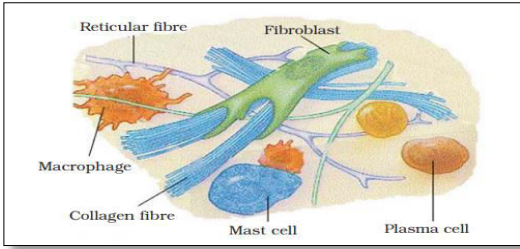

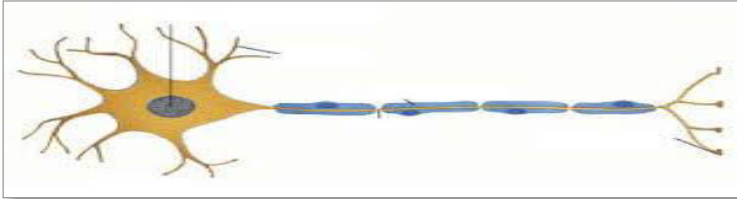

SECTION – A

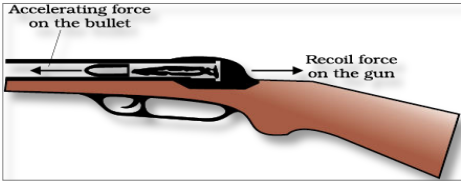

Section A consists of 24 questions (Q.No.1 to 24). Attempt any 20 questions from this section.
The first attempted 20 questions would be evaluated.

Choose the correct answer from the following questions:

| | |
|----|---|
| 1. | <p>Given substance 'X' shows the properties of its constituting elements or compounds. What could it be?</p> <p>A. Atom B. Element C. Compound D. Mixture</p> |
| 2. | <p>A group of students visited forest and observed Tyndall effect when sunlight passes through the canopy of a dense forest.</p> <p>What could be the reason for tyndall effect?</p> <p>A. Formation of homogeneous mixtures in air. B. Particle of colloids dispersed in air. C. Solid particles dispersed in air. D. Dispersing medium is tiny droplets of water forming mist.</p>  |
| 3. | <p>Which of the following is a compound?</p> <p>A. Chlorine gas B. Iron C. Iron sulphide D. Sulphur powder</p> |

| | |
|-----|---|
| 4. | <p>The amount of the solute present in the saturated solution at given temperature is called its__.</p> <p>A. Saturation B. Unsaturation C. Solubility D. Solution</p> |
| 5. | <p>Chalk dissolved in water is an example of _____.</p> <p>A. Suspension B. True solution C. Colloids D. Saturated solution</p> |
| 6. | <p>Arun observed a slide under the low power followed by high power of a compound microscope and he saw this. Help him to find the kind of cell seen.</p> <p>A. Plant cell B. Animal cell C. Dead cell D. None of these</p>  |
| 7. | <p>Cells were first discovered by _____.</p> <p>A. Leeuwenhoek B. Robert Brown C. Purkinje D. Robert Hooke</p> |
| 8. | <p>When an animal cell is added into an isotonic solution of sugar _____.</p> <p>A. Cell is likely to swell up. B. Cell will gain water by osmosis C. Cell will loose water by osmosis D. Net exchange of water is zero</p> |
| 9. | <p>Eukaryotic cell does not have _____.</p> <p>A. Many chromosome B. Nucleoid C. Nucleus D. Membrane bound cell organelles</p> |
| 10. | <p>Exchange of CO₂ and O₂ across plasma membrane take place through _____.</p> <p>A. Osmosis B. Diffusion C. Active transport D. Bulk transport</p> |

| | | |
|-----|--|--|
| 11. | <p>Identify the given animal tissue :</p> <p>A. Epithelial tissue B. Connective tissue C. Muscular tissue D. Nervous tissue</p> |  |
| 12. | <p>According to cells chemical composition different region of cells get coloured differently. What are the different stains that can be used to observe different kind of cells?</p> <p>A. Iodine solution B. Safranin solution C. Methylene blue D. All of these</p> | |
| 13. | <p>Nucleus contains _____, which are visible as rod shaped structures only when the cell is about to divide.</p> <p>A. Chromatin thread B. Nucleoid C. Nucleolous D. Chromosomes</p> | |
| 14. | <p>Girth of stem increases due to :</p> <p>A. apical meristem B. lateral meristem C. intercalary meristem D. vertical meristem</p> | |
| 15. |  <p>The signal passes along the nerve fibre is called a nerve impulse. Usually each neuron has a single long part (process), called the _____ and many short, branched parts (process), called _____.</p> <p>A. Axon and cell body respectively B. Dendrites and nerve ending respectively C. Axon and Dendrites respectively D. Dendrites and Axon respectively</p> | |
| 16. | <p>Which is not a function of epidermis?</p> <p>A. Protection from adverse condition B. Gaseous exchange C. Conduction of water D. Transpiration</p> | |

| | |
|-----|--|
| 17. | <p>The dead element present in the phloem is :</p> <p>A. Companion cells B. Phloem fibres C. Phloem parenchyma D. Sieve tubes</p> |
| 18. | <p>A particle is moving in a circular path of radius r. The displacement after half a circle would be:</p> <p>A. Zero B. πr C. $2r$ D. $2\pi r$</p> |
| 19. | <p>Which statement is FALSE for the given figure?</p>  <p>A. Gun exerts a forward force on the bullet. B. Recoiling of gun is due to Newton's third law of motion. C. Acceleration of gun is much less than that of bullet. D. Acceleration of bullet is much less than that of gun.</p> |
| 20. | <p>If the mass of football and a stone are same then _____.</p> <p>A. Both have same inertia. B. Both have same momentum C. Both have different inertia D. Both have different momentum</p> |
| 21. | <p>What is the quantity which is measured by the area occupied below the velocity time graph?</p> <p>A. Displacement covered by the body in given time interval B. Velocity of body in given time interval C. Acceleration of body in given time interval D. Speed of the body.</p> |
| 22. | <p>The unit of acceleration is _____.</p> <p>A. m/s B. m^2/s C. m/s^2 D. m</p> |
| 23. | <p>The combined effect of mass and velocity is taken into account by a physical quantity called ____.</p> <p>A. torque B. momentum C. moment D. moment of momentum</p> |

| | |
|--|--|
| 24. | <p>While catching a fast moving cricket ball, a fielder in the ground gradually pulls his hands backwards with the moving ball. In doing so _____.</p> <div data-bbox="724 293 1225 533" data-label="Image"> <p>A fielder pulls his hands gradually with the moving ball while holding a catch.</p> </div> <p>A. Fielder increases the time during which the high velocity of the moving ball decreases to zero. B. Acceleration of ball is increased. C. Impact of catching the fast moving ball is increased. D. Acceleration remains constant.</p> |
| <p style="text-align: center;">SECTION B</p> <p>Section B consists of 24 questions (Q.No.25 to 48). Attempt any 20 questions from this section. <u>The first attempted 20 questions would be evaluated.</u> Choose the correct answer from the following questions:</p> | |
| 25. | <p>Two chemical species X and Y combine together to form a product P which contains both X and Y :</p> $X + Y \rightarrow P$ <p>X and Y cannot be broken down into simpler substances by simple chemical reactions. Which of the following concerning the species X, Y and P are correct?</p> <p>(i) P is a compound (ii) X and Y are compounds (iii) X and Y are elements (iv) P has a fixed composition</p> <p>A. (i), (ii) and (iii) B. (i), (ii) and (iv) C. (ii), (iii) and (iv) D. (i), (iii) and (iv)</p> |
| 26. | <p>Calculate the mass of sodium sulphate required to prepare its 20% (mass percent) solution in 100 g of water?</p> <p>A. 20 g B. 25 g C. 30 g D. 35 g</p> |
| 27. | <p>Rusting of an article made up of iron is called _____.</p> <p>A. Corrosion and it is a physical as well as chemical change. B. Dissolution and it is a physical change. C. Corrosion and it is a chemical change. D. Dissolution and it is a chemical change.</p> |

| | |
|-----|--|
| 28. | Which of the following involves physical change? A. Burning of magnesium. B. Heating copper sulphate pentahydrate upto 150°C . C. Cooking of food. D. Rusting of iron. |
| 29. | Ritu has prepared 0.01% (by mass) solution of sodium chloride in water. Which of the following correctly represents the composition of the solutions? A. 1.00 g of NaCl + 100 g of water B. 0.11 g of NaCl + 100 g of water C. 0.01 g of NaCl + 99.99 g of water D. 0.10 g of NaCl + 99.90 g of water |
| 30. | Intestine absorbs the digested food materials. Which type of epithelial cells is responsible for that? A. Stratified squamous epithelium B. Columnar epithelium C. Squamous epithelium D. Cuboidal epithelium |
| | Question No. 31 to 34 consist of two statements- Assertion (A) and Reason (R). Answer the questions selecting the appropriate option given below. A. Both A and R are true and R is the correct explanation of A. B. Both A and R are true and R is not the correct explanation of A C. A is true but R is false D. A is false but R is true |
| 31. | Assertion: An object may acquire acceleration even when it is moving at a constant speed. Reason: With change in the direction of motion, an object can acquire acceleration. |
| 32. | Assertion: Mitochondria are known as “Power House” of the cell. Reason: Mitochondria are used to bring about energy generating activities of the cell. |
| 33. | Assertion: Striated muscles are said to be involuntary in nature. Reason: Striated muscles can be moved according to will. |
| 34. | Assertion: Colloidal solutions are stable and the colloidal particles do not settle down. Reason: Brownian movement counters the force of gravity acting on colloidal particles. |
| 35. | Which of these is not the feature of Cardiac muscles? A. They are involuntary in action and are available in heart only. B. They show rhythmic contraction and relaxation throughout life. C. Composed of branched, cylindrical and uninucleated cells. D. Composed of unbranched, cylindrical and multinucleated cells. |

| | |
|-----|---|
| 36. | <p>A type of connective tissue which anchors the muscles and supports the main organs of the body. Its matrix is composed of calcium and phosphorus compounds.</p> <p>A. Bone B. Cartilage C. Ligament D. Tendons</p> |
| 37. | <div data-bbox="309 488 1485 831"> </div> <p>Which of the following represents a dead tissue in plants?</p> <p>A. (a) and (c) B. (b) and (d) C. (c) and (a) D. (c) and (d)</p> |
| 38. | <p>Take four peeled potato halves and scoop each one out to make potato cups. One of these potato cups should be made from a boiled potato.</p> <p>Put each potato cup in a trough containing water. Now,</p> <ol style="list-style-type: none"> Keep cup A empty Put one teaspoon sugar in cup B Put one teaspoon salt in cup C Put one teaspoon sugar in the boiled potato cup D. <p>Keep these for two hours. Then observe the four potato cups.</p> <div data-bbox="387 1417 1297 1686"> </div> <p>Since sugar and salt was present in B and C respectively, water from the trough gathered in the hollowed portions of potato in B and C by the process of _____.</p> <p>A. Osmosis B. Diffusion C. Plasmolysis D. Deplasmolysis</p> |

39.

The velocity-time graph in Fig. shows the motion of a cyclist. Which statement is incorrect for the given graph :

- A. its acceleration is zero.
- B. its velocity is 20 m/s.
- C. the displacement by the cyclist in 15 seconds 300 m
- D. motion of cyclist is having constant speed but not constant velocity

40.

The diagram shows a moving truck. Forces A, B, C & D are acting on the truck. Name the type of forces acting on a truck.

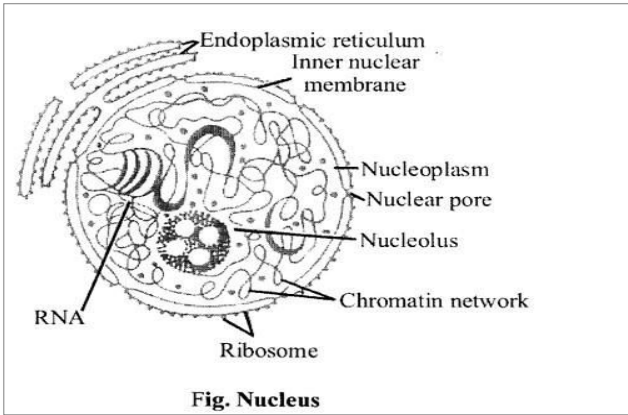

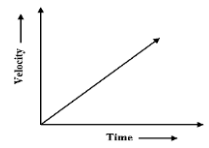

- A. A- reacting force, B- driving force, C- frictional force, D- weight.
- B. A- weight, B- driving force, C- reacting force, D- frictional force.
- C. A- frictional force, B- weight, C- driving force, D- reacting force.
- D. A - driving force, B- reacting force, C-frictional force, D- weight

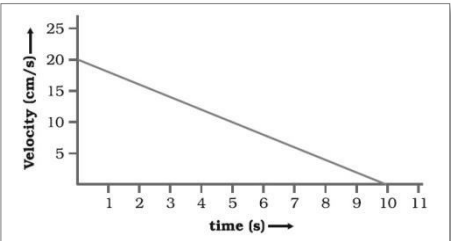

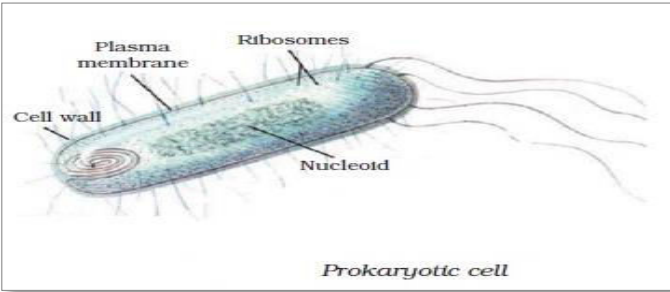

41.

While looking at the figure identify the false statement :

- A. Motion of the stone is circular.
- B. It is an example of accelerated motion.
- C. Centripetal force keeps the stone in its path.
- D. Centrifugal force keeps the stone in its path.

| | | | | | | | | | | | | | | | | | | | | | | |
|------------------------------------|--|---------------------|----|----|----|----|----|----|------------------------------------|---|---|---|----|----|----|------------------------------------|---|---|----|----|----|----|
| 42. | <div></div> <p>In this figure organelle which is very close to nucleus which helps in membrane biogenesis is</p> <p>A. Nucleus B. Ribosomes C. Endoplasmic reticulum D. Golgi bodies</p> | | | | | | | | | | | | | | | | | | | | | |
| 43. | <p>Cell wall of collenchyma possesses</p> <p>A. Uniform thickening of cellulose and lignin. B. Uniform thickening of hemicellulose. C. Uniform thickening of cellulose. D. Irregular localised thickening of cellulose and pectin.</p> | | | | | | | | | | | | | | | | | | | | | |
| 44. | <p>The initial velocity of a body is u. It is under uniform acceleration. Its velocity v at any time t is given by :</p> <p>A. $v = u + at^2$ B. $v = u + \frac{1}{2} at^2$ C. $v = u + at$ D. $v = u$</p> | | | | | | | | | | | | | | | | | | | | | |
| 45. | <p>Which of the example represents the given velocity-time graph?</p> <p>A. A boy in merry-go-round. B. A train moving on a railway track. C. A runner running on 100m track. D. An object freely falling vertically downward towards earth surface.</p> <div></div> | | | | | | | | | | | | | | | | | | | | | |
| 46. | <table><tr><td>Time in seconds (t)</td><td>0</td><td>10</td><td>20</td><td>30</td><td>40</td><td>50</td></tr><tr><td>Position of object P (X1 in metre)</td><td>0</td><td>4</td><td>8</td><td>12</td><td>16</td><td>20</td></tr><tr><td>Position of object Q (X2 in metre)</td><td>0</td><td>4</td><td>12</td><td>12</td><td>12</td><td>20</td></tr></table> <p>Let us analyze the data of the motion of two objects P and Q given in the table.</p> <p>Do you find any difference between the motion of object P and Q?</p> | Time in seconds (t) | 0 | 10 | 20 | 30 | 40 | 50 | Position of object P (X1 in metre) | 0 | 4 | 8 | 12 | 16 | 20 | Position of object Q (X2 in metre) | 0 | 4 | 12 | 12 | 12 | 20 |
| Time in seconds (t) | 0 | 10 | 20 | 30 | 40 | 50 | | | | | | | | | | | | | | | | |
| Position of object P (X1 in metre) | 0 | 4 | 8 | 12 | 16 | 20 | | | | | | | | | | | | | | | | |
| Position of object Q (X2 in metre) | 0 | 4 | 12 | 12 | 12 | 20 | | | | | | | | | | | | | | | | |

| | |
|--|---|
| | <p>A. Both object P and Q are in uniform motion.</p> <p>B. The motion of object P is uniform and of object Q is non-uniform</p> <p>C. Both object P and Q are in non- uniform motion.</p> <p>D. The motion of object P is non-uniform and of object Q is uniform.</p> |
| 47. | <p>The velocity-time graph of a ball of mass 20 g moving along a straight line on a long table is given in figure. How much force does the table exert on the ball to bring it to rest?</p> <p>A. - 0.0004 N</p> <p>B. 0.0004 N</p> <p>C. 0.0002 N</p> <p>D. - 0.0002 N</p>  |
| 48. |  <p>Which of the following feature differentiates a prokaryotic from eukaryotic cell?</p> <p>A. Presence of ribosomes.</p> <p>B. Presence of plasma membrane.</p> <p>C. Unicellular with single chromosome.</p> <p>D. Presence of cell wall.</p> |
| <p style="text-align: center;">SECTION-C</p> <p>Section C consists of three cases followed by questions (Q.No.49 to 60). There are a total of 12 questions in this section. Attempt any 10 questions from this section.</p> <p><u>The first attempted 10 questions would be evaluated.</u></p> <p>Choose the correct answer from the following questions:</p> | |
| CASE | <p>The force acting on a body is capable of bringing changes in its motion. Newton's three laws of motion are a consequence of this effect of force. While Newton's first law of motion is called the law of inertia, second law is called the real law of motion. But it is the third law of motion which enables our movement on earth. During our movement, the total momentum of any system of which we are a part, remains constant, as obtained from third law of motion. Despite that, action and reaction forces cannot create equilibrium.</p> |
| 49. | <p>Newton's first law states that no net force acts on a body moving with uniform velocity. Then why do we have to spend fuel in keeping our car in constant speed?</p> <p>A. To maintain a zero net force acting on the car</p> <p>B. Balancing the applied force with frictional force</p> <p>C. Frictional force act in the opposite direction of motion of car</p> <p>D. All of these</p> |

| | |
|-------------|--|
| 50. | <p>Which of these is an example of inertia of rest observed in daily life?</p> <p>A. Leaves get detached from a tree when the branch is shaken.</p> <p>B. When a bus suddenly comes to rest, the passengers fall forward.</p> <p>C. Satellite orbiting around the planets.</p> <p>D. Swirling of milk even after you have stopped stirring.</p> |
| 51. | <p>If action and reaction forces are equal and opposite, why don't they cancel each other?</p> <p>A. They act on same bodies and not on the different body.</p> <p>B. They act on different bodies and not on the same body.</p> <p>C. The object on which action and reaction is applied is in motion.</p> <p>D. The object on which action and reaction is applied is in rest.</p> |
| 52. | <p>If two identical balls moving in opposite directions with equal speed collide and stick to each other, what is the velocity after collision?</p> <p>A. Zero</p> <p>B. Different</p> <p>C. One ball has velocity and other will be at rest.</p> <p>D. Same but more than before collision</p> |
| CASE | <p>Each living cell has the capacity to perform certain basic functions that are characteristic of all living forms. How does a living cell perform these basic functions? We know that there is a division of labour in multicellular organisms such as human beings. This means that different parts of the human body perform different functions. The human body has a heart to pump blood, a stomach to digest food and so on. Similarly, division of labour is also seen within a single cell. In fact, each such cell has got certain specific components within it known as cell organelles. Each kind of cell organelle performs a special function, such as making new material in the cell, clearing up the waste material from the cell and so on. A cell is able to live and perform all its functions because of these organelles. These organelles together constitute the basic unit called the cell. It is interesting that all cells are found to have the same organelles, no matter what their function is or what organism they are found in.</p> |
| 53. | <p>Which of the component are always present in the cell?</p> <p>A. Plasma membrane</p> <p>B. Cell wall</p> <p>C. Chloroplast</p> <p>D. Mitochondria</p> |
| 54. | <p>Clearing of waste material inside the cell is done by :</p> <p>A. Endoplasmic reticulum</p> <p>B. Lysosomes</p> <p>C. Golgi bodies</p> <p>D. Ribosomes</p> |
| 55. | <p>Cell contains specific components called _____ showing division of labour.</p> <p>A. Molecules</p> <p>B. Genetic materials</p> <p>C. Organelles</p> <p>D. Cytoplasm</p> |

| | |
|-------------|--|
| 56. | Plants have special organelles responsible for photosynthesis called _____. A. Mitochondria B. Vacuole C. Cell wall D. Plastids |
| CASE | <p>Read the given passage and answer the questions that follow based on the passage and related studied concepts.</p> <p>A pure substance consists of single type of particles. Mixture consists of more than one kind of pure form of matter. Mixtures can be separated by physical methods but pure substances especially compounds cannot be separated into chemical constituents by physical methods. Pure substance has same composition throughout. Soil and soft drinks are mixtures. Mixtures can be separated by various methods depending upon nature of substance present in it. Solution is a homogeneous mixture.</p> |
| 57. | What are alloys? A. homogeneous mixtures B. heterogeneous mixture C. a compound D. an element |
| 58. | . What is size of particles in solution? A. less than 1nm (10^{-9} m) B. greater than 1nm (10^{-9} m) C. between 1 to 1000 nm D. more than 1000 nm |
| 59. | What is solute and solvent in cold drinks? A. CO ₂ gas, sugar, preservative are solute and water is solvent. B. CO ₂ gas, sugar, preservative are solvent and water is solute.. C. There is no solute in cold drink. D. There are no solvents in the cold drink. |
| 60. | Brass is a mixture of _____. A. Iron and Sulphur B. Zinc and Copper C. Copper and Tin D. Lead and Tin |

**Atomic Energy Education Society
Half Yearly/Term-1 Examination-2021-22**

For Offline purpose

**Class: IX
Subject: English**

**Time: 90 Minutes
Marks: 40**

General Instructions:

- 1. The Question Paper contains THREE sections.**
- 2. Section A-READING has 18 questions. Attempt a total of 14 questions, as per specific instructions for each question.**
- 3. Section B-WRITING & GRAMMAR has 12 questions. Attempt a total of 10 questions, as per specific instructions for each question.**
- 4. Section C-LITERATURE has 30 questions. Attempt 26 questions, as per specific instructions for each question.**
- 5. All questions carry equal marks.**
- 6. There is no negative marking.**
- 7. The marks obtained by students will be computed / appropriated keeping 40 marks as maximum.**

Reading-A

I. Read the passage given below.

i. Travelling could be an awesome way for education. You can learn lots of things by doing this. There are lots of people around the world who are traveling to learn more. They are learning and sharing this knowledge with us through blog post and videos. So today I will share some interesting learning parts of travelling. What actually you can learn from it?

ii. Learning Language: Language is a way to get connected with others. When you visit a foreign country, you can learn their language. If you can learn, it opens a new door in front of you. You have to accept there are huge differences from one nation to another.

iii. After learning a new language, you can understand them better, you can make new friends. The most important part of learning a language for me is I can read more books and blogs. When I use the internet, I can read the blogs on that language, it's thrilling for me.

iv. I can collect so much information about that particular country from their social media groups. And I believe it's not possible to get the deep and relevant information without learning the language. Let's take a look at a few reasons, that's why you need to learn a foreign language.

v. It will give you an opportunity to learn something new and different and let you be creative. Traveling will be really easier for you because you will be able to connect with locals without having any problems. You will be confident and skilled in a language and it will let you act smartly in any country. Even, if you want to work or stay there, it will be really easy for you. You can get a job without putting so much effort.

vi. Learn History: Every country has a unique history. When you travel somewhere, you can learn and know about its past. You will hear lots of amazing stories from the locals that will make you really thrilled. I have visited many ancient places in India and have heard numerous stories based on those places and the people there. I shared them on social media, people loved them. And learning history is a really interesting to many.

Based on your understanding of the passage, answer any eight out of the ten questions by choosing the correct option: - (8)

Q.1. According to the author, how are the travellers learning and sharing their knowledge with us?

- A. through books written by them.
- B. through films made by them.
- C. through blog post and videos.
- D. through stories told by them.

Q.2. According to the author, what does open a new door in front of you?

- A. your visit to a country.
- B. your learning of the language of the country you visit.
- C. your host opens a door for you
- D. None of the above

Q.3. What is thrilling for the author?

- A. The author can read the blogs in the language of his native place.
- B. The author can read the blogs in the language of the place he visited.
- C. The author can read the blogs in English language.
- D. The author can read the blogs in the language of the places he did not visit.

Q.4. According to the author, what will make your work or stay really easy for you in a foreign country?

- A. the money in your pocket.
- B. the experience of travelling.
- C. your educational qualifications.
- D. your confidence and skills in a language of the place.

Q.5. Select the option with the underlined words that can suitably replace *unique* (paragraph VI).

- A. Every country has a wonderful history.
- B. Every country has a painful history.
- C. Every country has a colourful history.
- D. Every country has a distinctive history.

Q.6. How does the author plan to collect information about a country?

- A. from the social media groups of the country.
- B. from the print media groups of the country.
- C. from the tourism department of the country.
- D. from the tourist guide groups of the country.

Q.7. In the overall view of the author, what is the purpose of travelling?

- A. working
- B. site seeing
- C. learning
- D. enjoying

Q.8. In the opinion of the author, travelling will be easier for you, if you will _____.

- A. be friendly with all.
- B. be able to connect with locals.
- C. be able to spend a lot of money.
- D. be able to eat all sorts of food.

Q.9. According to the author, what is interesting to many?

- A. learning history.
- B. making friends
- C. making stories
- D. None of them

Q.10. The author defines language as a way _____.

- A. to express our feelings
- B. to express our needs
- C. to care for others
- D. to get connected with others

II. Read the passage given below:-

i. The invention of computer has fulfilled the dreams of many, even we can not imagine our life without computers. This is a device that is used for many purposes such as securing information, e-mail, messaging, software programming, calculation, data processing etc. Desktop computers require CPU, UPS, keyboard, and MOUSE to work, while in the laptop all of them are already present. With large memory it is an electronic device that can secure any data. We are going in the modern world of computers in the 21st century.

ii. Earlier generations of computers used to work very limited, while modern-day computers could accomplish many tasks. Charles Babes made the first mechanical computer that was very different from today's computer. The goal of the invention of computers was to produce a machine that could calculate mathematical calculations very quickly. During World War II, the estimation of the speed and direction of the enemies' weapons and the exact location of them was to be ascertained. Today's computer is equipped with artificial intelligence technology that helps in every area of life.

iii. The new generation of computers is highly advanced i.e., small, light, fast, and very powerful. In today's day, it is being used in every business like - Examination, Weather Forecasting, Education, Shopping, Traffic Control, High Level Programming, Railway Ticket Booking, Medical Area, Trade etc. This information with the Internet is the mainstay of technology and it proved that nothing is impossible in today's time.

iv. Today the human relation is increasingly dependent on the computer technology. Nobody can imagine his life without a computer, because it has stepped up its feet everywhere. It is beneficial to any grade student. They can use it to create a project, to learn poetry, download exam related notes, gather information etc. in a very short time. It is also helpful in finding jobs and in skill development of the students.

Based on your understanding of the passage, answer any six out of the eight questions by choosing the correct option:- (6)

Q.11. The _____ of the computer helps it to secure any data.

- A. large screen
- B. the large key board
- C. the large MOUSE
- D. large memory

Q.12. What has equipped today's computers to help in every area of our life?

- A. mechanical technology
- B. artificial intelligence technology
- C. computing technology
- D. none of the above

Q.13. What has proved that everything is possible today?

- A. information with the Internet
- B. intelligence technology
- C. mechanical computer
- D. hardware technology

Q.14. Select the option that is true for the two statements given below.

- (1) Earlier generations of computers used to work very limited.
- (2) The modern-day computers could accomplish many tasks.

- A. (1) is the result of (2).
- B. (1) has nothing to do with (2).
- C. (1) is discussing about the same matter discussed in (2).
- D. (1) is unrelated to (2).

Q.15. Pick up the most appropriate meaning from below for the words - “In today's day” used in paragraph iii?

- A. day and night today
- B. at present
- C. during the day time of today
- D. during the whole time today

Q.16. Which of the following is not mentioned in paragraph IV?

- A. Students can use computers to learn poetry.
- B. Students can use computers to download exam related notes.
- C. Students can use computers to gather information.
- D. Students can use computers to download projects.

Q.17. According to paragraph IV:-

- A. Nobody can live comfortably with computers today.
- B. Nobody can live comfortably without computers today.
- C. Nobody can live without computers today.
- D. Anybody can live comfortably without computers today.

Q.18. The word used to mean – “announce advance information” in paragraph III is _____.

- A. advanced
- B. information
- C. Both A and B
- D. forecasting

GRAMMAR & WRITING -B

GRAMMAR

III. Answer any five out of the six questions by selecting the most appropriate option for each. (5)

Q.19. I am sorry the house is no longer available. It _____ been sold to a merchant.

- A. was being
- B. will
- C. is
- D. has

Q.20. Second hand furniture _____ here at reasonable price.

- A. are sold
- B. were selling
- C. has sold
- D. is sold

Q.21. I think it _____ rain today.

- A. shall
- B. may
- C. might
- D. ought to

Q.22. Although _____ species of fox are red in colour, _____ Artic fox is often pure white.

- A. most/ the
- B. any/the
- C. a great amount of/ an
- D. none

Q.23. Rewrite the following in indirect speech:

Nazir said, "I did my duty with full justice."

- A. Nazir said that he had done his duty with full justice.
- B. Nazir said he has done his duty with full justice.
- C. Nazir asked if he had done his duty with full justice.
- D. Nazir said that he was doing his duty with full justice.

Q.24. Don't make so much noise, Vishnu _____ for his Science test.

- A. study
- B. studied
- C. is studying
- D. studies

WRITING

IV. The traits of a musician are given in the box below. Use these and write a short paragraph.

- A. R. Rahman: Indian composer, singer, songwriter, music producer, musician and philanthropist; born- Chennai on 6 January 1967
- B. graduated from Trinity College, Oxford University;
- C. famous in integrating Indian classical music with electronic music, world music and traditional orchestral arrangements;
- D. recipient of the Padmashri and the Padma Vibhushan awards;
- E. two Oscars and a Golden Globe;
- F. donates and raises money for a number of causes and charities.

Choose the most appropriate sentence, under each question, to complete the paragraph.

You can answer any five out of the six questions given below.

(5)

| | | |
|--------------|---|---|
| Q.25. | A | A.R. Rahman (Allah Rakha Rahman) was an Indian composer, singer, songwriter, music producer, musician and philanthropist who was born in Chennai on 6 January 1967. |
| | B | A.R. Rahman (Allah Rakha Rahman) will be an Indian composer, singer, songwriter, music producer, musician and philanthropist who was born in Chennai on 6 January 1967. |
| | C | A.R. Rahman (Allah Rakha Rahman) is an Indian composer, singer, songwriter, music producer, musician and philanthropist who was born in Chennai on 6 January 1967. |
| | D | A.R. Rahman (Allah Rakha Rahman) is an Indian composer, singer, songwriter, music producer, musician and philanthropist who will be born in Chennai on 6 January 1967. |
| Q.26. | A | He is a graduate from Trinity college, Oxford University |
| | B | He is a graduate in Trinity, Oxford University |
| | C | He is a graduate on Trinity college, Oxford University |
| | D | He was a graduate from Trinity college, Oxford University |

| | | |
|--------------|---|--|
| Q.27. | A | He is famous in with electronic music, world music and traditional orchestral arrangements integrating Indian classical music. |
| | B | He is famous Indian classical music with electronic music in integrating, world music and traditional orchestral arrangements. |
| | C | He is famous in integrating Indian classical music with electronic music, world traditional orchestral arrangements music. |
| | D | He is famous in integrating Indian classical music with electronic music, world music and traditional orchestral arrangements. |
| Q.28. | A | He is the recipient of the Padmashri and the Padma Vibhushan awards |
| | B | She is the recipient of the Padmashri and the Padma Vibhushan awards |
| | C | He is the reservoir of the Padmashri and the Padma Vibhushan awards |
| | D | He will be the recipient of the Padmashri and the Padma Vibhushan awards |
| Q.29. | A | He has won two Oscars and a golden globe two |
| | B | He has won two Oscars and a golden globe too |
| | C | He has won two Oscar and a golden globes too |
| | D | He is going to win two Oscars and a golden globe too |
| Q.30. | A | He will do a lot of charity work too; he donates and raises money for a number of causes and charities. |
| | B | He does a lot of charter work too; he donates and raises money for his personal uses. |
| | C | He does a lot of charity work too; he donates and raises money for a number of causes and charities. |
| | D | He does a lot of charity work too; his donations of money have causes and results. |

LITERATURE - C

This section has sub-sections – V, VI, VII, and VIII & IX.

(26)

There are a total of 30 questions in this section.

Attempt any 26 questions from the sub-sections V to IX.

V. Read the given extract to attempt the questions that follow:

Margie did so with a sigh. She was thinking about the old schools they had when her grandfather's grandfather was a little boy. All the kids from the whole neighbourhood came, laughing and shouting in the schoolyard, sitting together in the schoolroom, going home together at the end of the day. They learned the same things, so they could help one another with the homework and talk about it. And the teachers were people...

The mechanical teacher was flashing on the screen: "When we add fractions $\frac{1}{2}$ and $\frac{1}{4}$..." Margie was thinking about how the kids must have loved it in the old days. She was thinking about the fun they had.

(The Fun They had- by ISAAC ASIMOV)

Q.31. "Margie did so with a sigh". Why did Margie sigh?

- A. she was so sad.
- B. she was so happy.
- C. she was eagerly waiting for her class.
- D. she thought about the good times children had in their schools many years ago.

Q.32. Margie was thinking about the old schools because she _____.

- A. hated them
- B. did not want to study in such schools
- C. wanted to become the class mate of her grandfather's grandfather
- D. really admired them as they were full of fun and human teachers and friends

Q.33. Which of the following statements is wrong about the kids in old schools?

- A. laughing and shouting in the schoolyard,
- B. playing football with friends
- C. sitting together in the schoolroom,
- D. going home together at the end of the day

Q.34. How could the students of the old school help one another with the homework?

- A. They learned the same things.
- B. They learned different things.
- C. They were very helping.
- D. They were not given home works.

Q.35. In the old schools, all _____.

- A. people were teachers
- B. teachers were human beings
- C. teachers were pupils
- D. all of the above

VI. Read the given extract to attempt the questions that follow:

Evelyn Glennie's loss of hearing had been gradual. Her mother remembers noticing something was wrong when the eight-year-old Evelyn was waiting to play the piano. "They called her name and she didn't move. I suddenly realised she hadn't heard," says Isabel Glennie. For quite a while Evelyn managed to conceal her growing deafness from friends and teachers. But by the time she was eleven her marks had deteriorated and her headmistress urged her parents to take her to a specialist. It was then discovered that her hearing was severely impaired as a result of gradual nerve damage. They were advised that she should be fitted with hearing aids and sent to a school for the deaf. "Everything suddenly looked black," says Evelyn. (The Sound of Music- by DEBORAH COWLEY)

Q.36. Why did Evelyn do the following?

“For quite a while Evelyn managed to conceal her growing deafness from friends and teachers.”

- A. Evelyn did not know that she could not hear.
- B. Evelyn wanted to escape from piano class.
- C. Evelyn felt so sad and did not want people around her know that she lost her hearing.
- D. All the above.

Q.37. According to you, what would have led Evelyn to the following situation?

“But by the time she was eleven her marks had deteriorated and her headmistress urged her parents to take her to a specialist.”

- A. She was very lazy.
- B. she did not do her studies at home.
- C. She was more interested in Music and neglected her studies at school
- D. She was not able to hear, understand and learn what was taught to her.

Q.38. What was the reason behind Evelyn’s loss of hearing?

- A. accident
- B. gradual nerve damage.
- C. Listening to too much music
- D. All of them

Q.39. What do you understand by “a school for the deaf”?

- A. A school where deafness is treated.
- B. A school where no oral teaching and listening take place.
- C. A school where all the teachers and students are deaf persons.
- D. A special school where students suffering from deafness and loss of hearing are taught as per the needs and abilities of the students.

Q.40. Why did Evelyn say the following words?

“Everything suddenly looked black,”

- A. The advice has changed her life.
- B. She was shocked to know her condition.
- C. She did not accept her illness.
- D. Both A and B

VII. Read the given extract to attempt the questions that follow:

“

Yet knowing how way leads on to way,

I doubted if I should ever come back.

I shall be telling this with a sigh

Somewhere ages and ages hence;

Two roads diverged in a wood, and I —

I took the one less travelled by,

And that has made all the difference.”

(The Road Not Taken- by ROBERT FROST)

Q.41. Why does the poet say, “way leads on to way”?

- A. The first road is joined with the second road.
- B. all roads are inter connected.
- C. Once you start your journey, no return is possible.
- D. Both B and C

Q.42. What does the poet refer to when he says the word ‘wood’ in following line: - “Two roads diverged in a wood”

- A. dead wood
- B. forest
- C. tree
- D. None of the above

Q.43. What is the difference the poet is speaking about?

- A. The difference between travelling on foot and by a car.
- B. The difference between taking up any other job and the pleasure of writing poems.
- C. The difference between doing something ordinary and something creative.
- D. Both B and C.

Q.44. What is “less travelled by” for the poet?

- A. The job of a creative writing
- B. The job of teaching
- C. The job of a poet
- D. Both A and C

Q.45. What is/are the feeling/feelings expressed by the poet in this poem?

- A. Joy
- B. Pride
- C. contentment
- D. All the above

VIII. Read the given extract to attempt the questions that follow:

The man headed towards the place where the snake-charmer still played on the flute to the swaying cobra. “Listen to that nice music, child!” he pleaded. But the child shut his ears with his fingers and shouted his double-pitched strain: “I want my mother, I want my father!” The man took him near the balloons, thinking the bright colours of the balloons would distract the child’s attention and quieten him. “Would you like a rainbow coloured balloon?” he persuasively asked. The child turned his eyes from the flying balloons and just sobbed, “I want my mother, I want my father!”

(The Lost Child –by MULK RAJ ANAND)

Q.46. Who is the “man” mentioned in the given extract above?

- A. the uncle of the boy
- B. the temple priest
- C. the next door neighbour of the boy
- D. None of the above

Q.47. Why did the man plead, “Listen to that nice music, child”?

- A. The man wanted to make the child learn music.
- B. The man wanted to cheat the child.
- C. The man wanted to kidnap the child.
- D. The man wanted to pacify and stop his cry.

Q.48. The child cried out, telling “I want my mother, I want my father!”, because he was

_____.

- A. afraid
- B. angry
- C. lost
- D. Both and C

Q.49. What was the reply of the child to the man?

- A. I want my mother
- B. I want my father
- C. Both A and B
- D. I want to go home.

Q.60. “..... “Will you let me kiss your hand?”

Who murmured, the words given above?

- A. God
- B. Happy Prince
- C. little swallow
- D. the angels of God

Atomic Energy Education Society
Half yearly Examination / Term-1 -2021-22

For Offline Purpose

Class : IX
Subject: Social Science

Time : 90 Minutes
Max. Marks : 40

General Instructions:

- a) The question paper contains four sections.
 - b) Section A contains 24 Qs, Attempt any 20 questions
 - c) Section B contains 22 Qs, Attempt any 18 questions
 - d) Section C contains 12 Qs Attempt any 10 questions
 - e) Section D contains 2 map based questions. Attempt both the questions.
 - f) Read the questions carefully.
 - g) All questions carry equal marks. No negative marks.
 - h) The marks obtained by students will be computed /appropriated keeping 40 marks as maximum.
 - i) Each question has only one option. Select the correct and close option.
-

Section - A

(Attempt any 20 out of 24 questions)

- 1). Read the following facts about the French government Constitution of 1791. Choose the most appropriate option.

- d) NamchaBarwa

60) Identify and opt the name of a Union territory.

- a) Mahe
- b) Puducherry
- c) Pulicat
- d) Yanam

परमाणु ऊर्जा शिक्षण संस्था / Atomic Energy Education Society

अर्द्धवार्षिक/प्रथमसत्र परीक्षा / Half Yearly/Term-1 Examination-2021-22

कक्षा- IX

समय – 1.5 घंटा

विषय – हिंदी

पूर्णांक – 40

सामान्य निर्देश :-

1. इस प्रश्न पत्र में कुल तीन खंड हैं।
2. निर्देशानुसार सभी प्रश्न हल करना अनिवार्य है।
3. प्रश्नों के उत्तर लिखते समय सही क्रमांक लिखना न भूलें।
4. प्रश्नों के अंक उनके सम्मुख लिखे हैं।
5. प्रश्नों के उत्तर लिखने से पहले उन्हें पढ़ें तब सोच समझकर उत्तर लिखें।

खंड क (अपठित बोध)

प्रश्न 1- निम्नलिखित गद्यांश को ध्यान पूर्वक पढ़कर पूछे गए प्रश्नों के लिए सही विकल्प चुनकर लिखिए (1 x 5 = 5)

भारतीय संस्कृति की सबसे बड़ी विशेषता रही है – “अनेकता में एकता”। यद्यपि ऊपरी तौर पर भारत के विभिन्न प्रदेशों में पर्याप्त भिन्नता दिखाई देती है तब भी अपने आचार – विचारों की एकता के कारण यहाँ सदा सामासिक संस्कृति का रूप देखने को मिलता है। यही कारण है कि इन विभिन्नताओं के होते हुए भी भारत सदियों से भौगोलिक, राजनीतिक एवं सांस्कृतिक इकाई के रूप में विश्व में अपना स्थान बनाए हुए है, इसलिए भारत में सदा अनेकता में एकता के दर्शन होते हैं। इस भारतीय संस्कृति में आध्यात्मिकता और भौतिकता दोनों ही का मिश्रण रहा है। अतः इसकी प्राचीनता, इसकी गतिशीलता, इसका लचीलापन, इसकी ग्रहण शीलता, इसका सामासिक स्वरूप और अनेकता के भीतर से दिखाई देने वाली एकता इसकी प्रमुख विशेषताएं हैं। इन विशेषताओं के कारण ही भारतीय संस्कृति विश्व में अपना एक विशिष्ट स्थान रखती है।

(i) भारतीय संस्कृति की विशेषता है -

(क) मतों और धर्मों की एकता

(ख) नागरिकों की एकता

(ग) विभिन्नता में एकता

(घ) आध्यात्म एवं भौतिक एकता

(ii) भारत ने "विभिन्नता में एकता" विषयक गुण के कारण सदियों से विशेष स्थान बनाया है -

(क) एशिया महाद्वीप में

(ख) अपने पड़ोसी देश में

(ग) विश्व में

(घ) पड़ोसी देशों में

(iii) 'भारतीय' शब्द में प्रयुक्त मूल शब्द व प्रत्यय है-

(क) भारती + य

(ख) भर + तीय

(ग) भारत + ईय

(घ) भारत + इय

खंड ख (व्याकरण)

प्रश्न 3 - निर्देशानुसार उत्तर दीजिए-

(1 X 4 = 4)

(क) अत्यधिक शब्द में उपसर्ग है -

- | | | | |
|--------|--------|-----------|-----------|
| (i) अत | (ii) अ | (iii) अति | (iv) अत्य |
|--------|--------|-----------|-----------|

(ख) निम्नलिखित में प्रति उपसर्ग युक्त शब्द है -

- | | | | |
|------------|----------------|----------------|--------------|
| (i) प्रताप | (ii) प्रत्यक्ष | (iii) प्रतकृति | (iv) प्रतक्ष |
|------------|----------------|----------------|--------------|

(ग) लालिमा शब्द में प्रत्यय है—

- (i) लिमा (ii) इमा (iii) ईमा (iv) कोई नहीं

(घ) हर्षित शब्द में प्रत्यय है -

- (i) पित (ii) त (iii) इत (iv) ईत

प्रश्न 4 - निर्देशानुसार उत्तर दीजिए—

(1X 4 = 4)

(क) मुरलीधर में समास है—

- (i) तत्पुरुष समास (ii) द्वंद्व समास
(iii) कर्मधारय समास (iv) बहुव्रीहि समास

(ख) यथामति में कौन सा समास है -

- (i) अव्ययीभाव समास (ii) तत्पुरुष समास
(iii) द्विगु समास (iv) बहुव्रीहि समास

(ग) पीत हैं जो अंबर = 'पीताम्बर' में समास है-

- (i) तत्पुरुष समास (ii) कर्मधारय समास
(iii) अव्ययीभाव समास (iv) बहुव्रीहि समास

(घ) जिस समास में अन्य पद प्रधान होता है उसे कहते हैं -

- (i) अव्ययीभाव समास (ii) तत्पुरुष समास
(iii) द्वंद्व समास (iv) बहुव्रीहि समास

प्रश्न 5 – निर्देशानुसार उत्तर दीजिए—

(1 X 4 = 4)

(क) आकाश में चिड़ियाँ उड़ रही हैं -अर्थ के आधार पर वाक्य भेद है –

- (i) निषेधवाचक (ii) विधानवाचक
(iii) संकेतवाचक (iv) प्रश्नवाचक

(ख) तुम्हारी आयु लम्बी हो अर्थ के आधार पर वाक्य भेद है -

- | | |
|-----------------|-----------------|
| (i) विधिवाचक | (ii) सन्देहवाचक |
| (iii) संकेतवाचक | (iv) इच्छावाचक |

(ग) आप भोजन करेंगे ? - अर्थ के आधार पर वाक्य भेद है -

- | | |
|------------------|----------------|
| (i) सन्देहवाचक | (ii) निषेधवाचक |
| (iii) प्रश्नवाचक | (iv) विधानवाचक |

(घ) निम्नलिखित में संदेहवाचक वाक्य है-

- (i) सोनिया नवीं कक्षा में पढ़ती है।
- (ii) क्या सोनिया नवीं कक्षा में पढ़ती है।
- (iii) सोनिया नवीं कक्षा में पढ़ती होगी।
- (iv) सोनिया नवीं कक्षा में नहीं पढ़ती है।

प्रश्न 6 – निर्देशानुसार उत्तर दीजिए-

(1X 4 = 4)

(क) मुदित महीपति मन्दिर आए -पंक्ति में अलंकार है -

- | | | | |
|----------|-----------|----------------|----------|
| (i) उपमा | (ii) रूपक | (iii) अनुप्रास | (iv) यमक |
|----------|-----------|----------------|----------|

(ख) पीपर पात सरिस मन डोला मंक्ति में अलंकार है -

- | | | | |
|----------|-----------------|-------------------|----------|
| (i) उपमा | (ii) अतिशयोक्ति | (iii) उत्प्रेक्षा | (iv) यमक |
|----------|-----------------|-------------------|----------|

(ग) जेते तुम तारे तेते नभ में न तारे -पंक्ति में अलंकार है -

- | | | | |
|----------|-----------------|----------------|----------|
| (i) रूपक | (ii) अतिशयोक्ति | (iii) अनुप्रास | (iv) यमक |
|----------|-----------------|----------------|----------|

(घ) वन शारदी चन्द्रिका - चादर ओढ़े- पंक्ति में अलंकार है -

- | | | | |
|----------|------------------|----------------|----------|
| (i) रूपक | (ii) उत्प्रेक्षा | (iii) अनुप्रास | (iv) यमक |
|----------|------------------|----------------|----------|

खंड ग (पाठ्य-पुस्तक)

प्रश्न 7- निम्नलिखित प्रश्नों के उत्तर लिखिए-

(1x 7= 7)

- (i) छोटी बच्ची का बैलों के प्रति प्रेम क्यों उमड़ा ?
- (क) बैल दिन भर हल जोतते थे ।
- (ख) बैलों की दुर्दशा पर छोटी बच्ची को दया आ गयी ।
- (ग) बच्ची की माँ मर चुकी थी ।
- (घ) बैलों को डंडे मारे जाते थे ।
- (ii) हीरा – मोती किसी और के साथ क्यों नहीं जाना चाहते थे ?
- (क) हीरा – मोती इस बात से परेशान थे ।
- (ख) वे मेहनत करना चाहते थे ।
- (ग) उन्हें अपने स्वामी से बहुत प्रेम था ।
- (घ) उनको और जगह अच्छा नहीं लगता था ।
- (iii) गया ने हीरा – मोती को दोनों बार सूखा भूसा खाने को क्यों दिया ?
- (क) वह ज्यादा खाते थे ।
- (ख) वह हीरा – मोती के व्यवहार से दुखी था ।
- (ग) गया गरीब था ।
- (घ) उसके पास कुछ नहीं था ।
- (iv) गधे का छोटा भाई किसे कहा गया है ?
- (क) घोड़े को
- (ख) कुत्ते को
- (ग) बैल को
- (घ) भेड़ को

- (v) लेखक चाय पीने हेतु कहाँ रुका ?
- (क) एक स्तूप में
 - (ख) चीनी किले में
 - (ग) एक दुकान पर
 - (घ) तिब्बत में
- (vi) 'बेगार' से क्या तात्पर्य है ?
- (क) जो बिना मजदूरी लिए काम करते हैं।
 - (ख) जो बेकार घूमते हैं।
 - (ग) बेरोजगार लोगों के लिए।
 - (घ) बिना किसी मतलब के।
- (i) ल्हासा की ओर पाठ किस शैली में लिखा गया है ?
- (क) साहित्यिक
 - (ख) आत्मकथात्मक
 - (ग) संस्मरण
 - (घ) वर्णनात्मक

प्रश्न 8- नीचे लिखे प्रश्नों के उत्तर लिखिए-

(1x 7= 7)

- (i) 'समभावी' का अर्थ है-
- (क) समान भाव वाला
 - (ख) भोग और त्याग के बीच के रास्ते पर आगे बढ़ें
 - (ग) संभव
 - (घ) समान कार्य
- (ii) 'पानी टपकने' से क्या अर्थ है ?
- (क) पानी गिरना
 - (ख) टूटा होना
 - (ग) धीरे-धीरे समय का बीतना
 - (घ) पानी ज्यादा भरा होना

(iii) 'पखा – पखी' का क्या अर्थ है ?

(क) आर – पार

(ख) पक्ष – विपक्ष

(ग) पका हुआ

(घ) सुंदरता

(iv) कावा कासी कैसे हो गया ?

(क) जगह न रहने पर

(ख) हिंदू – मुस्लिम का भेद मिटने पर

(ग) दोनों में अंतर न दिखने पर

(घ) एक दिखाई देने पर

(v) 'साखी' शब्द का अर्थ है –

(क) साख

(ख) सखी

(ग) साक्षी

(घ) साक्ष्य

(vi) 'गोधन' से क्या तात्पर्य है ?

(क) गोबर

(ख) एक लोकगीत

(ग) ग्वाले

(घ) दूध, घी

(vii) गोपियाँ मुरली को अपने होठों पर क्यों नहीं रखना चाहती हैं ?

(क) उन्हें मुरली बजाना नहीं आता

(ख) वे इसे पवित्र मानती हैं

(ग) वे मुरली को अपनी सौत मानती हैं

(घ) वे इसे पराया मानती हैं

ATOMIC ENERGY CENTRAL SCHOOL NO-2 &4, RAWATBHATA
ARTIFICIAL INTELLIGENCE (SUBJECT CODE 417)
CLASS IX (SESSION – 2021-2022)
QUESTION PAPER FOR TERM-I

Max. Time Allowed: 1 hour

Max. Marks: 25

General Instructions:

1. Please read the instructions carefully
2. This Question Paper is divided into 03 sections, viz. Section A, Section B and Section C
3. Section A is of 05 marks and has 06 questions on Employability Skills.
4. Section B is of 15 marks and has 20 questions on Subject specific Skills.
5. Section C is of 05 marks and has 07 competency-based questions.
6. Do as per the instructions given in the respective sections.
7. Marks allotted are mentioned against each section/question.
8. All questions must be attempted in the correct order.

| SECTION – A | | |
|--|---|---|
| Answer any 5 questions out of the given 6 questions on Employability Skills | | |
| (1 x 5 = 5 marks) | | |
| 1. | Choose the correct example of oral communication. (a) Reports (b) Newspapers (c) Face-to-face conversation (d) Notes | 1 |
| 2. | Which of these sentences use uppercase letters correctly? a) I am Hungry. b) Divya and Sunil are reading. c) The bucket is full of water. d) She lives in Delhi. | 1 |
| 3. | Rahul gets feedback on his project work from his class teacher. Which of these options demonstrates positive attitude in this situation? (a) Rahul ignores the feedback. (b) Rahul takes the feedback but does not use it. (c) Rahul tells others that the teacher is wrong. (d) Rahul learns from the feedback and makes his project work better | 1 |
| 4. | Which of the following is a quality of a self-confident person? (a) Patient (b) Compassionate (c) Committed (d) Passionate | 1 |
| 5. | What does GPS stand for? (a) Global Positioning System (b) Global Payment System (c) Global Program System (d) Global Pointing System | 1 |
| 6. | Which one of the following is odd? (a) RAM (b) ROM (c) FLASH MEMORY (d) DVD | 1 |

| SECTION – B | | (1 x 15 = 15 marks) |
|---|---|---------------------|
| Answer any 15 questions out of the given 20 questions | | |
| 7. | The full form of IoT is (a) Institute of Technology (b) Internet of Things (c) Index organized Table (d) Inter-operability Test | 1 |
| 8. | Which is the fourth stage in AI project cycle? (a) Data Acquisition (b) Data Exploration (c) Data Modeling (d) Problem Scoping | 1 |
| 9. | Who is the father of Artificial Intelligence? (a) Doug Cutting (b) John McCarthy (c) William S. (d) Rasmus Lerdorf | 1 |
| 10. | What is Artificial intelligence? (a) Making a Machine intelligent (b) Putting your intelligence into Computer (c) Playing a Game (d) Programming with your own intelligence | 1 |
| 11. | Which of the following is not a domain of AI? (a) Data (b) Natural Language of Processing (c) Computer Vision (d) Braid | 1 |
| 12. | What is an example of complex AI system comprising mini AI sub-system and enabling technologies? (a) TV Remote (b) Chatbots (c) Printer (d) Self driving car | 1 |
| 13. | Which is not an example of Image Recognition AI? (a) Seeing the image to identify the object in it. (b) Identifying humans or animals in an image (c) Adding colour effect to the image (d) Understanding emotion of a human in the image. | 1 |
| 14. | What type of data set constitutes images and video? (a) Structured data (b) Unstructured data (c) Level data (d) Responsive data. | 1 |
| 15. | Another word for "smart" cities is... (a) Sustainable (b) Futuristic (c) Well-Planned (d) Improved | 1 |
| 16. | Which of the following is not a feasible option any more to improve agricultural Productivity? a) Precision Farming b) Genetically modified seed varieties c) Expanding Area under Agriculture d) Using climate-resilient crop varieties | 1 |
| 17. | SDG 1 - No Poverty. How is SDG related to SDG 3? (a) There is no relation between the two SDG's. (b) People with no money can't afford healthcare (c) People with no food will live longer. (d) People with no shelter will have low mortality. | 1 |

| | | |
|-----|--|---|
| 18. | Why are ethics necessary when using computers? (a) to avoid being erased (b) to make the computer work better (c) so kids don't hack mine craft (d) for safety | 1 |
| 19. | When you search for 'Doctor' on a search website, the results for Doctor images might mostly come up as 'male'. Whereas for 'Nurse' most results would be 'female'. What does this depict? (a) Gender bias (b) Data Privacy (c) Poor training (d) Lack of access | 1 |
| 20. | Which of the following stage set the Goal and Scope of the Problem? (a) Data Exploration (b) Problem Scoping (c) Modeling (d) Data Acquisition | 1 |
| 21. | Which of the following is not a part of the 4Ws Problem Canvas? (a) Who? (b) What? (c) Which? (d) Why? | 1 |
| 22. | Which of the following is not a valid for Data Acquisition? (a) Web Scraping (b) Announcements (c) Sensors (d) Surveys | 1 |
| 23. | The Basic structure of a Decision tree starts from (a) Root (b) Branch (c) Leaves (d) Stem | 1 |
| 24. | Which of these is NOT used for visualization in AI? (a) Sketchy Graph (b) Scatter plot (c) Ruler (d) Bar chart | 1 |
| 25. | Machine learning understands data through _____. (a) Designs (b) Patterns (c) pictures (d) signs | 1 |
| 26. | Regression only works with (a) Continuous data (b) Intermittent Data (c) Step function data (d) Partially linear data | 1 |

SECTION-C

Answer any 5 questions out of the given 7 questions (1 x 5 = 5 marks)

| | | |
|-----|--|---|
| 27. | (i) Understand and inspect the web page to find the MySQL Database associated with the information we want. (ii) Use python libraries to pull out data from the web page. (iii) Manipulate the collected data to get in the form we need. The above given steps are for collecting data from which of the following data sources? (a) Cameras (b) Sensors (c) Surveys (d) Web Scraping | 1 |
| 28. | Google, to translate text, documents and websites from one language into another. It offers a website interface, a mobile app for Android and iOS, and an application programming interface that helps developers build browser extensions and software applications. For this the AI technology used is: (a) Supervised Learning (b) Unsupervised Learning (c) Natural Language Processing (d) Neural Network | 1 |

29. ABC multinational e-commerce company had been working on a secret AI recruiting tool. The machine learning specialists uncovered a big problem: their new recruiting engine did not like women. The system taught itself that male candidates were preferable. It penalized resumes that included the word "women". This led to the failure of the tool. This is an example of

(a) Data Privacy (b) AI Bias (c) AI access (d) Data Exploration.

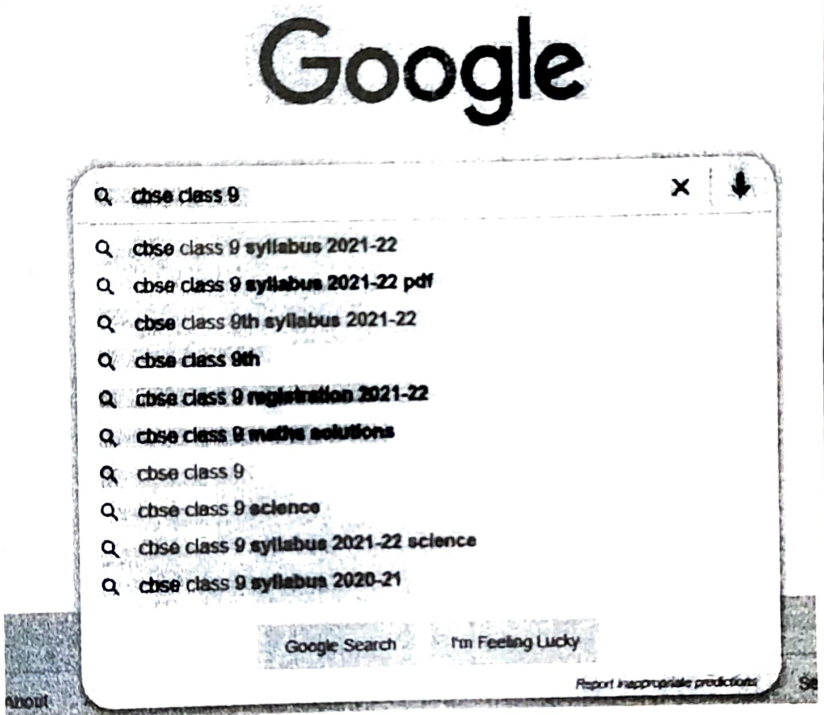

30. As a chief security officer, When you are designing a surveillance system for the premises where a costly diamond was to be kept for exhibition, you do the following tasks.

(i). Get photographs of all the authorized people such as VIP and office staff.
 (ii). Get photographs of all the cleaning people.
 (iii). Get photographs of the premises.
 (iv). Get photographs of all the visitors.

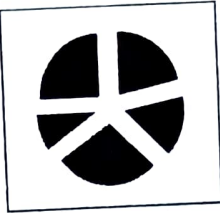

Which stage of AI project cycle are you talking about?

(a) Problem Scoping (b) Data Exploration
 (c) Data Modeling (d) Data Acquisition

31. Based on the image below, choose the correct domain or domains of AI required for it:

a) Data b) NLP c) Computer Vision d) Both (a) and (b)

| | |
|-----|--|
| 32. | <p>Match the best choice of graph for the data below</p> <ol style="list-style-type: none"> 1. Chart to show the 5 subjects mark of the student. 2. Chart to show the 5 subject wise percentage of the student. 3. Chart to show the 5 exam performance. <div style="display: flex; justify-content: space-around; align-items: flex-start;"> <div style="text-align: center;">  <p>(i)</p> </div> <div style="text-align: center;">  <p>(ii)</p> </div> <div style="text-align: center;">  <p>(iii)</p> </div> </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div style="text-align: center;"> <p>(a) 1→(i), 2→(ii), 3→(iii)</p> <p>(c) 1→(i), 2→(iii), 3→(ii)</p> </div> <div style="text-align: center;"> <p>(b) 1→(ii), 2→(iii), 3→(i)</p> <p>(d) 1→(ii), 2→(i), 3→(iii)</p> </div> </div> |
| 33. | <p>Here the game related information are given below. Identify the game and the respective domain,</p> <ol style="list-style-type: none"> 1. The players of this game have to guess what the opponents will choose and make an appropriate shape to defeat them. 2. This is a simple twenty questions game in which the player can ask 20 Yes/No questions to identify the animal. 3. In this game, the computer asks the player to find the objects that match certain images within a time limit. <div style="margin-top: 10px;"> <p>a) 1. Emoji Scavenger Hunt -> Computer vision; 2. Rock, Paper, Scissor -> Natural Language Processing; Mystery Animal -> Data Sciences</p> <p>b) 1. Mystery Animal -> Data Sciences; 2. Emoji Scavenger Hunt -> Natural Language Processing; 3. Rock, Paper, Scissor -> Computer vision</p> <p>c) 1. Rock, Paper, Scissor -> Data Sciences; 2. Emoji Scavenger Hunt -> Natural Language Processing; 3. Mystery Animal -> Computer vision</p> <p>d) 1. Rock, Paper, Scissor -> Data Sciences; 2. Mystery Animal -> Natural Language Processing; 3. Emoji Scavenger Hunt -> Computer vision</p> </div> |

ANSWER KEY

| SECTION – A | |
|-------------|--|
| 1 | D. Mixture |
| 2 | B. Particle of colloids dispersed in air. |
| 3 | C. Iron sulphide |
| 4 | C. Solubility |
| 5 | A. Suspension |
| 6 | A. Plant cell |
| 7 | D. Robert Hooke |
| 8 | D. Net exchange of water is zero. |
| 9 | B. Nucleoid |
| 10 | B. Diffusion |
| 11 | B. Connective tissue |
| 12 | D. All of these |
| 13 | D. Chromosomes |
| 14 | B. lateral meristem |
| 15 | C. Axon and Dendrites respectively |
| 16 | C. Conduction of water |
| 17 | B. Phloem fibres |
| 18 | C. 2 r |
| 19 | D. Acceleration of bullet is much less than that of gun. |
| 20 | A. Both have same inertia. |
| 21 | A. Displacement covered by the body in given time interval |
| 22 | C. m/s^2 |
| 23 | B. momentum |
| 24 | A. Fielder increases the time during which the high velocity of the moving ball decreases to zero. |
| SECTION B | |
| 25 | D. (i), (iii) and (iv) |
| 26 | B. 25 g |
| 27 | C. Corrosion and it is a chemical change |
| 28 | B. Heating copper sulphate pentahydrate upto 150°C |
| 29 | C. 0.01 g of NaCl + 99.99 g of water |
| 30 | B. Columnar epithelium |
| 31 | A. Both A and R are true and R is the correct explanation of A. |

| | |
|------------------|--|
| 32 | A. Both A and R are true and R is the correct explanation of A. |
| 33 | D. A is false but R is true. |
| 34 | A. Both A and R are true and R is the correct explanation of A. |
| 35 | D. Composed of unbranched, cylindrical and multinucleated cells. |
| 36 | A. Bone |
| 37 | D. (c) and (d) |
| 38 | A. Osmosis |
| 39 | D. motion of cyclist is having constant speed but not constant velocity |
| 40 | D. A -driving force, B- reacting force, C-frictional force, D- weight |
| 41 | D. Centrifugal force keeps the stone in its path. |
| 42 | C. Endoplasmic reticulum |
| 43 | D. Irregular localised thickening of cellulose and pectin. |
| 44 | C. $v = u + at$ |
| 45 | D. An object freely falling vertically downward towards earth surface. |
| 46 | B. The motion of object P is uniform and of object Q is non uniform |
| 47 | A. - 0.0004 N |
| 48 | C. Unicellular with single chromosome. |
| SECTION-C | |
| 49 | D. All of these |
| 50 | A. Leaves get detached from a tree when the branch is shaken. |
| 51 | B. They act on different bodies and not on the same body. |
| 52 | A. Zero |
| 53 | A. Plasma membrane |
| 54 | B. Lysosomes |
| 55 | C. Organelles |
| 56 | D. Plastids |
| 57 | A. homogeneous mixtures |
| 58 | A. less than 1nm (10^{-9} m) |
| 59 | A. CO ₂ gas, sugar, preservative are solute and water is solvent. |
| 60 | B. Zinc and copper |

I

| Q. No. | Answer | Mark |
|--------|---|---------------------------|
| 1 | C. through blog post and videos. | Any 8 answers. 1x 8 =8 |
| 2 | B. your learning of the language of the country you visit. | |
| 3 | B. The author can read the blogs in the language of the place he visited. | |
| 4 | D. your confidence and skills in a language of the place. | |
| 5 | D. Every country has a <u>distinctive</u> history. | |
| 6 | A. from the social media groups of the country. | |
| 7 | C. learning | |
| 8 | B. be able to connect with locals. | |
| 9 | A. learning history. | |
| 10 | D. to get connected with others | |

II

| Q. No. | Answer | Mark |
|--------|--|---------------------------|
| 11 | D. large memory | Any 6 answers. 1x 6 =6 |
| 12 | B. artificial intelligence technology | |
| 13 | A. information with the Internet | |
| 14 | C. (1) is discussing about the same matter discussed in (2). | |
| 15 | B. at present | |
| 16 | D. Students can use computers to download projects. | |
| 17 | B. Nobody can live comfortably without computers today. | |
| 18 | D. forecasting | |

WRITING AND GRAMMER

GRAMMER

III

| Q. No. | Answer | Mark |
|--------|------------------|-------------------------------|
| 19 | D. has been sold | Any five questions. 1x 5=5 |
| 20 | A. are sold | |
| 21 | B. may | |
| 22 | A. most/ the | |

| | | |
|----|---|--|
| 23 | B. Nazir said he had done his duty with full justice. | |
| 24 | C. is studying | |

WRITING

IV

| Q. No. | Answer | | Mark |
|--------|--------|--|-------------------------------|
| 25 | C | A.R. Rahman (Allah Rakha Rahman) is an Indian composer, singer, songwriter, music producer, musician and philanthropist who was born in Chennai on 6 January 1967. | Any five questions. 1x 5=5 |
| 26 | A | He is a graduate from Trinity college, Oxford Univeristy | |
| 27 | D | He is famous in integrating Indian classical music with electronic music, world music and traditional orchestral arrangements. | |
| 28 | A | He is the recipient of the Padmashri and the Padma Vibhushan awards | |
| 29 | B | He has won two Oscars and a golden globe too | |
| 30 | C | He does a lot of charity work too; he donates and raises money for a number of causes and charities. | |

LITERATURE

V

| Q. No. | Answer | Mark |
|--------|---|--------|
| 31 | D. she thought about the good times children had in their schools many years ago. | 1x 5=5 |
| 32 | D. really admired them as they were full of fun and human teachers and friends | |
| 33 | B. playing football with friends | |
| 34 | A. They learned the same things. | |
| 35 | B. teachers were human beings | |

VI

| Q. No. | Answer | Mark |
|--------|--|--------|
| 36 | C. Evelyn felt so sad and did not want people around her know that she lost her hearing. | 1x 5=5 |
| 37 | D. She was not able to hear, understand and learn what was taught to her. | |
| 38 | B. gradual nerve damage. | |
| 39 | D. A special school were students suffering from deafness and loss of hearing are taught as per the needs and abilities of the students. | |

52) Which following ideas you will suggest to improve the quality of population in Palampur village? Ans. d) Both a & b only

Q. C.2. Read the source given and answer any5 questions that follow

There are some conditions that apply to the way a government is run after the elections. A democratic government cannot do whatever it likes, simply because it has won an election. It has to respect some guarantees to the minorities. Every major decision has to go through a series of consultations. Every office bearer has certain rights and responsibilities assigned by the constitution and the law. Each one is accountable not only to the people but also to other independent officials. Hence, a democratic government rules within limits set by constitutional law and citizen's rights.

53) Which of these is not a good argument in favour of democracy?

Ans. d) Democratic countries are most prosperous.

54) Which one of the acts is undemocratic?

Ans. c) Ruling party decides to censor the media.

55) Which of the following statements are democratic and choose your correct options given below?

- i) Filing a case in the court claiming that water is part of right to life.
- ii) Paying money to the government officials to get water,
- iii) Organising public meetings to discuss the problems related to water scarcity.
- iv) Boycotting the next elections.

Options :

Ans. c) i, iii

56) Which one set of the statements is incorrect?

- i) The people who do not follow the official religion are denied right to vote.
- ii) One party that wins two elections lost in the third one.
- iii) Both boys and girls must receive educational facilities equally in a democracy.
- iv) The election commission cannot act independently in a democracy.

Options :

Ans. d) i, ii, iv

57) Given below are two statements marked as Assertion (A) and Reason (R).

Read the statements and choose the correct option.

Assertion (A) : Democracy is all about political competition and power play.

Reason (R) : Leaders' decisions become bad as they do not know the best interest of the people.

Options :

Ans. b) Both (A) and (R) are true, but (R) is not the correct explanation of (A).

58) Identify the right argument for a democracy.

Ans. d) However, democracy is based on consultation and discussion giving a method to deal with all conflicts.
